## Working Comfortably

Work comfortably whenever you do in your office. This is a major factor capable of influencing the outcome of generating new business ideas and proceeding with a project through concentration and interaction. Bring you the comfort of your living room to create a space for having fun at work.

## Concentration

A booth where you can concentrate on your own will improve your work efficiency.

## Communication

Place to relax and interact as you please

You can combine modular sofas as you like to keep the conversation going.  
Open environment can enhance communication across generations.

## Café Lounge

Place suitable for both work and rest

Modular sofas across the table are surrounded with panels to create a comfortable, moderate space.  
The modular sofas will support various communications including serious discussions and casual conversations.
