

OREE

ORIGAMI DESK SYSTEM

okamura

Origami Design
 With origins in Japan, origami art combines defined shapes and edges, to bring forth artistic structures. Fusing Okamura's skilled sheet metal technology with folds of thin sheet metal creates a beautiful and strong foundation.

Wide Applications
 Suitable as a base for your inspirations, OREE is crafted with a unique range of configurations to choose from.

Selection of Specifications
 Your work environment deserves a personal touch. OREE comes in a wide array of high-quality materials and colors to complement your own unique space.

orbitdesignstudio

A multi-disciplinary design consultancy, passionate about producing creative and unique solutions in architecture, interiors, industrial design, graphics, and communication. Orbit began over two decades ago as an interior design studio in Bangkok and has now become an international consultancy with a reputation for innovative and contemporary design.

OREE

OREE signifies a point that infuses simplicity and strength while drawing inspiration from Japanese origami.

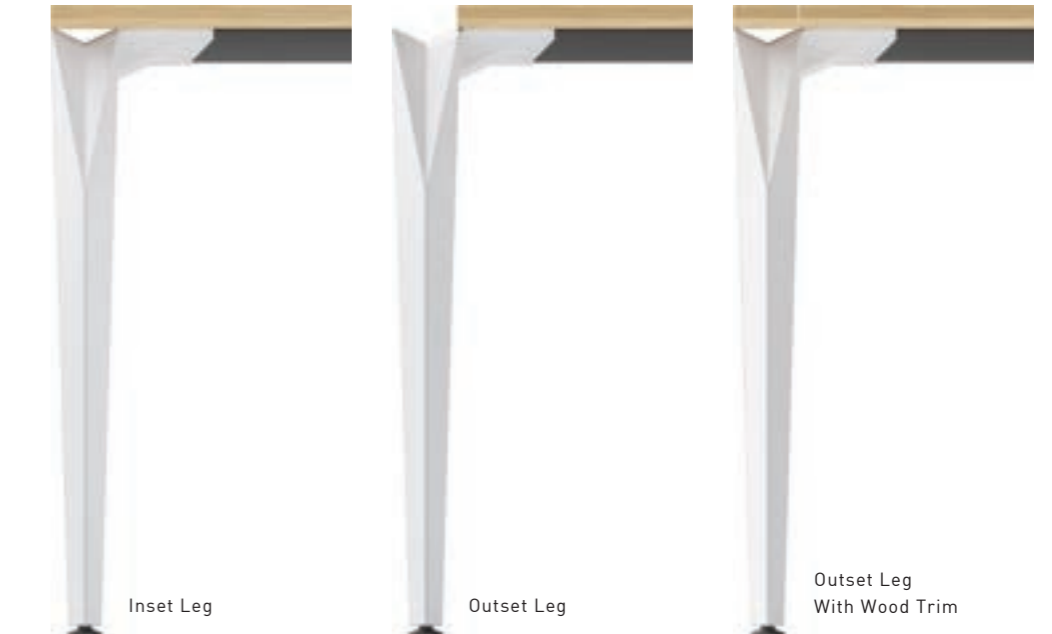

Bench

Be versatile with OREE. With a wide variety of color options, bespoke your OREE bench for your unique style.

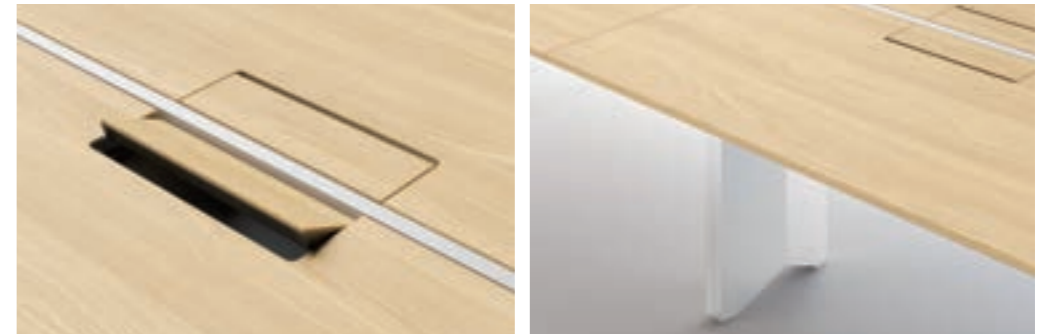

Leg

Stand out by choosing an outset or inset leg, while the outset leg with high-quality wood trims bring added luxury.

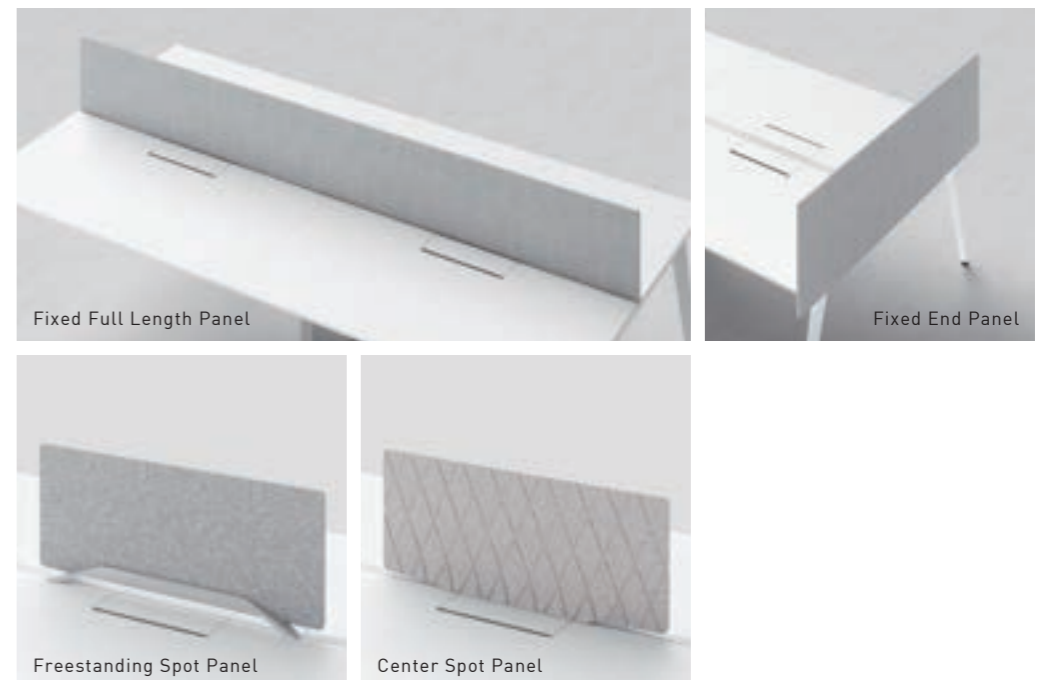

Wiring

Utilizing the middle leg structure and flip lid, the bench provides hassle-free cable management, giving you privacy with a sense of freedom.

Panels

Customizable with up to four options to choose from. While a freestanding spot panel gives you more control and flexibility for your zone, a combination of fixed full length panels and fixed end panels can set strong boundaries for more privacy. Mountable to the center-rail, a center spot panel slides along the rail and can be detached from the rail as well.

Meeting Table

OREE designs lead to fun meetings!
Make any coffee meeting or group huddle, fun, and collaborative space!

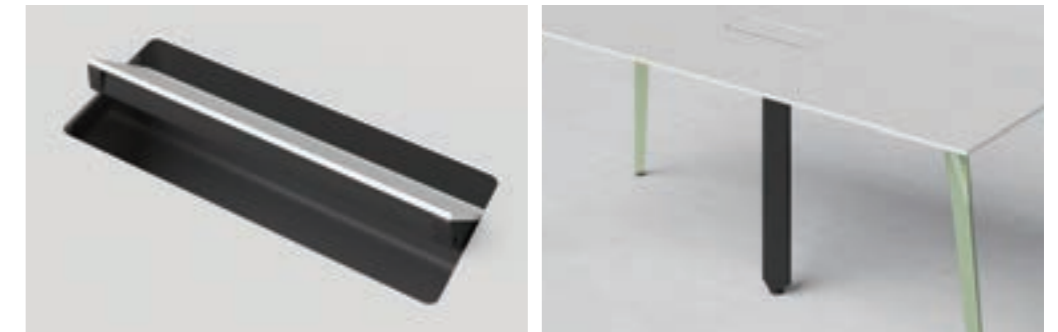

Height

How you conduct your meeting is your preference. Standing or sitting, OREE provides two height options.

Wiring

A center column provides cable management and stability for your meeting agenda. Functional and recessed flip lids are accessible from both sides.

Color Variations

Origami form and function go beyond as OREE provides color choices inspired by Japanese culture and carefully selected to provide a fun office setting.

Manager Desk

OREE designs are fun and edgy, but why stop there! You can bring a creative atmosphere into a manager's room with the right finish and colors to create a whole new ambiance.

Customizable walnut veneer top compliments your executive decision.

Stability is further enhanced with a black powder-coated steel leg design.

Modesty Panel | Wiring

Modesty panel detailed by a laser engraved pattern. While a flip on top does away with the clutter of connectivity.

Pedestal | Box Shelf

Expand and complement your OREE's desk system with spacious pedestals, which was designed to fit ARCH files to utilize the space fully. Available in three colors. Black is rich and strong while white creates a pristine work environment. A solid light gray is ideal for contemporary and forward thinkers.

Color Variations

A variety of tabletop colors and wood trims to customize your executive look. Adding wood trims will bring an organic calm to your Manager's desk, while also signifying strength and longevity.

Add creative origami touches to your OREE inspired workspace.

Conduct lengthy meetings or a quick assembly of ideas with stylish comfort and stability.

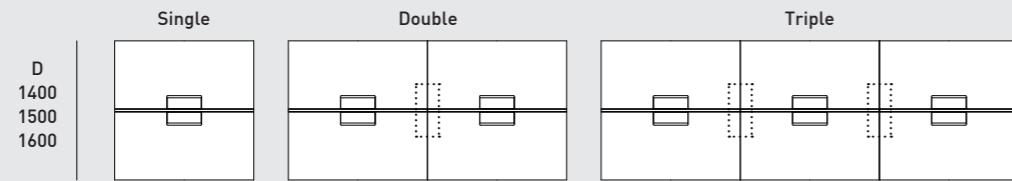

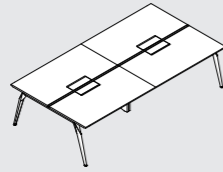

Total OREE customization for a flowing and creative environment.
