Manager desk

Workstation

VD desk system fulfills all the standard functionality your office requires, including electrical cord routes necessary for your deskwork equipment and increased storage capacity.

Designed to make office planning endlessly customizable.

Function

1. Key for every drawer
All drawers can be locked.
The key blade is serrated on both sides.
So can fit into the keyhole either way.
No need to check which way 18 up.
Key turn 180° degrees.

2. Plastic front-piece
Drawer front-pieces use a permanent antistatic plastic that resist soiling.
(Compared to steel, the touch is soft and warm.)

3. Storage potential
The shallow drawer with pen tray lets you organize small objects and work materials, while the two file drawers underneath extend down close to the floor, giving you lots of room for filing. The upper file drawer stores A4 documents, while the lower one stores both A4 and B4 ones.

The knockdown structure of VD desk system makes for simple assembly or dismantling, allowing simple installation and/or disposal.

4. Safety rollers to prevent tipping
All mobile drawer units come with rollers designed to prevent the unit from tipping over.

5. Mobile drawer unit handgrip
The latch safeguard stops the drawer from falling out, making for safer operation.
(Not available for pen tray section)

6. Horizontal ducts for wiring inside
The system is equipped with longitudinal Ducts for the protection of wiring. The longitudinal ducts, made of transparent materials. Allow easy maintenance as the wiring inside the ducts is visible.

Specification

The VD Desk Series can be adapted to many office spaces and work styles—a truly flexible desk system.
