

traverse

Engineered simplicity.

Impossibly thin. Beautifully strong.

In today's workplace, conference rooms are challenged with shrinking size as well as the need to adapt to evolving technologies. Traverse is a collection of two conference tables defined by narrow contours that broaden office space, bringing people together beautifully.

Traverse was meticulously designed to create a profound presence. Despite its exquisitely simple design, the table places a premium on functionality through concealed technology and strong support.

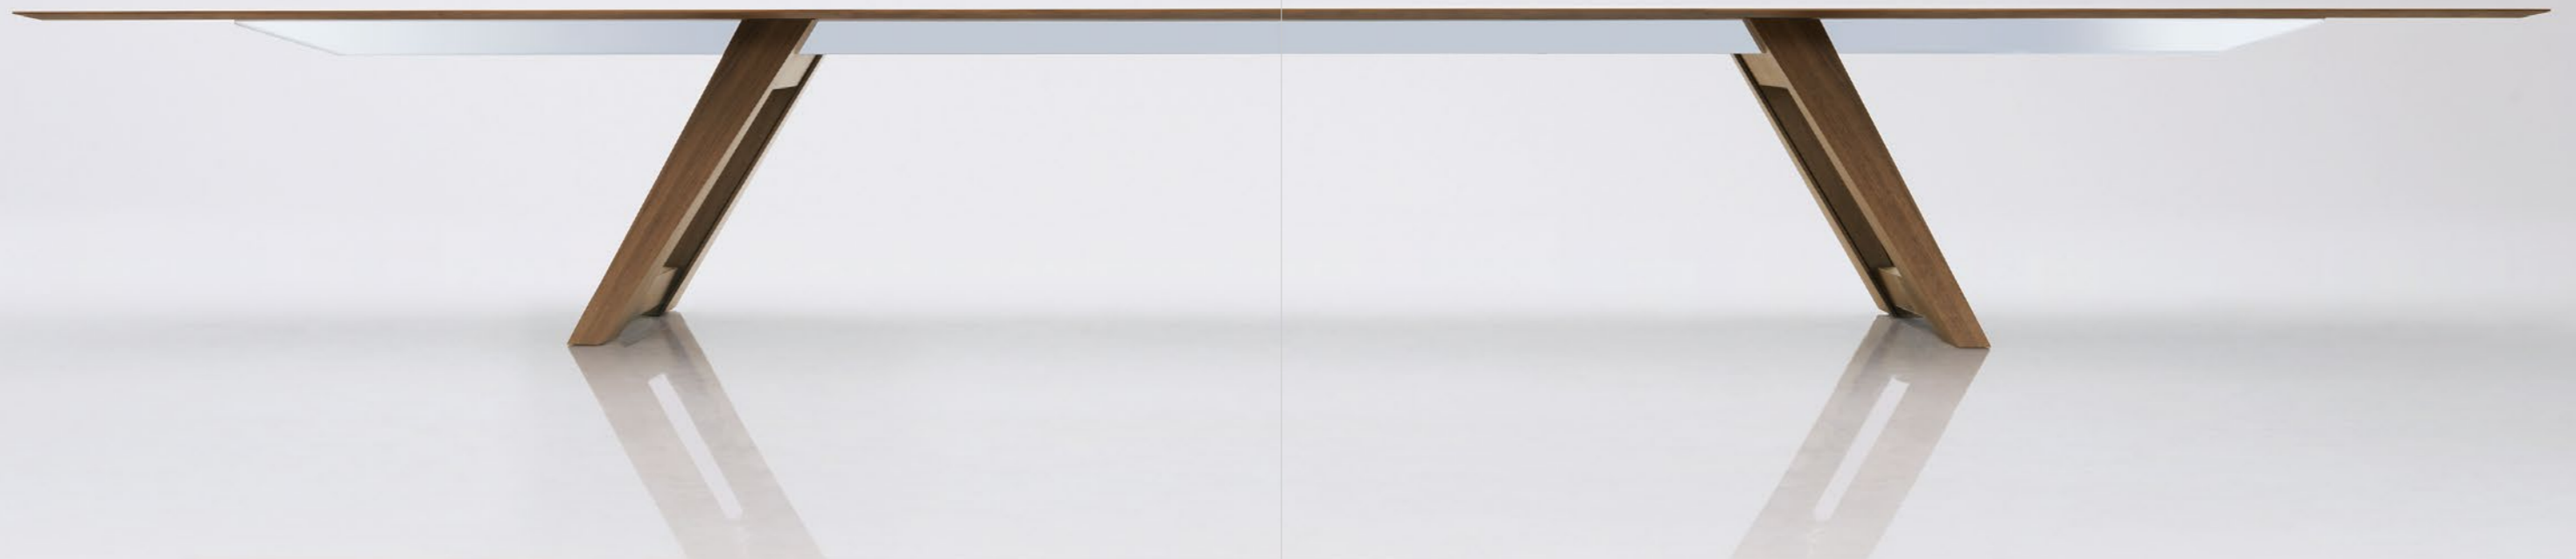

Okamura's legacy of structural engineering, passion for creative materials, and signature craftsmanship unite in the Traverse Collection—recreating the conference table through engineered simplicity.

Elegant Tabletop

The table top is incredibly thin, less than 1" at its thickest point and tapering to a knife edge. With a span of up to 20 feet long, the top creates the effect of a hovering plane, in a rectangle, boat or oval shape. The support structure is also remarkably minimal—yet structurally strong enough for the top to extend well past the legs.

Integrated Technology

Integrated technology is concealed within each design, allowing for future flexibility. As technology tools advance toward wireless offices, Traverse locates power and data in its Tech Cradle—a small connective box discreetly tucked under the tabletop. Cables are hidden within the legs, ensuring a polished look and more usable space.

Power outlet / USB charger / HDMI / VGA / AUDIO / USB / RJ11 / RJ45

Shapes & Dimensions

Shape	L	Length (inches)						
		96" (2438)	120" (3048)	144" (3658)	168" (4267)	192" (4875)	216" (5486)	240" (6096)
Rectangle								
Boat	42" (1067)							
Oval	48" (1219)							
	54" (1372)							
	60" (1524)							

※ Traverse conference table is designed and manufactured to meet or exceed ANSI/BIFMA X5.5. inches (mm)

Veneer Finishes

Traverse tables and credenza are offered in thirteen beautiful, high quality finishes—ranging from traditional wood veneers to unique reconstituted woods. Transitions between sections of the tabletop are seamless, creating a single, uninterrupted, beautiful span.

Natural wood veneer <p>WE51 Dyed Oak</p>			Reconstituted wood veneer <p>WG51 Oak Chrome</p>		
WE52 Dark Sapele	WE53 Walnut	WE54 Teak	WG52 Oak Gray	WG53 Zircote	WG54 Walnut Toropical
WE55 Oak	WE56 Figured Maple	WG57 Paldao	WG55 Ebony Light	WG56 Walnut

Product Details

Doors come standard with 110° soft close hinges and feature discreet open marks. Optional door locks are available.

Interior Shelves can be adjusted on 1 1/4" increments.

The **Back and Interior** are finished with the same beautiful veneer as the exterior.

The **Top** grain runs horizontally, creating beautiful, broad lines. **Corian® and glass tops** are also available.

Bevel Edge Profile make doors easy to open, despite their minimal design.

Cable openings are provided as standard to allow a clean cable management. Optional grommets on top are also available.

Bases are available in two types - Aluminum base, Plinth base.

Shapes & Dimensions

L	Length (inches)				
	60" (1524)	72" (1828)	84" (2133)	96" (2438)	108" (2743)

	15"	18"	21"	24"	18"
29" (737)					
36" (915)					

※ Credenza is designed and manufactured to meet or exceed ANSI/BIFMA X5.9. *D=20" (508) inches (mm)

Credenza optional top finishes

Optional tops are available on credenza—Corian® top or Add-on glass top.

Glass (Add-on top)	
H287 White	H288 Metal Gray
H289 Black	
Corian®	
GG31 Designer White	GG32 Silver Gray
GG33 Neutral Concrete	GG34 Deep Nocturne

※ Glass and Corian® are available only for the top of credenza.

Add-on Glass Top can be specified as an option (pre-installed). *1/4" thick back-painted low-iron clear glass

Design Studio

Traverse is designed by Rainlight. Rainlight is an integrated studio located in London and Los Angeles with client collaborations across North America, Europe, and Asia. More than a design practice, Rainlight discovers the needs of a changing world through cross-cultural research within their own network of experts in various market sectors. Part Laboratory, part workshop, part studio, Rainlight combines inspired design thinking with business acumen to create artefacts that enhance how people live, work, and play in the real world. rainlightstudio.com
